Neither side requests discovery in connection with the Motion. Plaintiffs do not intend to file a separate brief in support of their Motion; their supporting argument is contained in Docket No. 29. Defendant's response in opposition to the Motion shall be filed no later than **January 6, 2026**. Plaintiffs' reply in support of their Motion shall be filed no later than **January 9, 2026**.

Neither side requests an evidentiary hearing or oral argument in connection with the Motion. Should Plaintiffs change their position and desire an evidentiary hearing on their Motion, they shall file a Notice indicating as much no later than **January 9, 2026**.

With the exception of initial disclosures and preliminary witness and exhibit lists, the Court continues the previously-imposed **STAY** of discovery. Discovery is **STAYED** pending a ruling on Defendant's Second Motion to Dismiss, (Dkt. 27).
